18th ICOMOS General Assembly and Scientific Symposium 2014, Florence, Italy

"Heritage and landscape as human right"

Dearest Friends,

it is our great pleasure to send you the letter related to the event "Symposium of ICOMOS (Advisor of the UNESCO World Heritage Centre)" that will be held in Florence in 2014 and was promoted by the Fondazione Romualdo Del Bianco-Life Beyond Tourism. We consider of great importance that by the end of the academic year, your Universities/Institutions will spread the content of the attached letter, so that Professors, Assistants, PhD and PostDoc Researches, Graduate students and Students would be able to contribute into the world-level event of such importance. These contributions (abstracts) will be published on the respective page of the Life Beyond Tourist Non Profit Portal, and this will give international visibility to all those who are interested in the theme of Heritage and decide to respond to our proposal. The Fondazione will commit itself to present the potential of your contributions to ICOMOS.
