CLARIFICATION AND ADJUSTMENT
by Paolo Del Bianco

Read this message also in [Italian](#), [Russian](#), [Japanese](#).

Following our previous communication of 29 May, addressed to the network of the Fondazione Romualdo Del Bianco - Life Beyond Tourism, this is:

A) TO SPECIFY,

that the letter IS NOT a "call for abstracts" for the ICOMOS General Assembly Symposium 2014; the call for abstracts for this event is the exclusive responsibility of ICOMOS, through the host National Committee, ICOMOS Italy. Our letter only aims to inform and raise awareness on this important event among the whole network of the Foundation, which, besides a number of ICOMOS members, includes more than 500 institutions in 77 countries on 5 continents; rectors, deans, professors, researchers, postgraduates, cultural institutions.

B) TO COMMUNICATE

that the cover letter attached to the message sent on 29 May, includes a mistake in the title of the ICOMOS General Assembly Symposium 2014.
The correct current title is: "Heritage and landscape as human values"

We apologize if our previous communication has given rise in any way to unintended interpretations or misunderstandings, as it is only ICOMOS, via ICOMOS Italy, who will issue any official communications relating to the ICOMOS General Assembly and Symposium taking place in Florence in 2014.

Yours faithfully,

Paolo Del Bianco
President Fondazione Romualdo Del Bianco - Life Beyond Tourism

Secretary Office
