HOT NEWS

[International Traditional Knowledge Institute, under the aegis of UNESCO](#)

The ITKI – International Traditional Knowledge Institute - has established last May 12th in order to re-discover the ancient – but topical - traditional knowledge by creating a specific Database available to governors, local authorities, and citizens to provide essential solutions to the contemporary environmental and economic issues and consequently improve our quality of life. As a matter of fact, the knowledge of traditional techniques will soon be lost without an accurate preservation-program.
